

# Fish Classroom News

Dec 13, 2017

We are nearing the end of our project on Gears! The children have been busy drawing Spirograph pictures, building gear chains and exploring and learning how our interactive gear marble run works! They also worked hard to create a special Christmas gift for you involving gears. These will be given out at the end of the Christmas Program next week.

We hope to see everyone at the Christmas program next Thursday. Projects will be on display, and everyone is invited!

We wish all of you a safe and wonderful Christmas! Enjoy the comforts of family, friendship and a warm home!

Jen, Sharon & Kelli

## Math

We have a math game out to reinforce numeral recognition and taking turns... with a Christmas theme!

## Author Study

The children loved the books by Richard Byrne. Two of their favorites were *This Book Just Ate My Dog!* and *This Book is Out of Control!* The reader is asked to interact by shaking the book and pressing buttons!

## Dramatic Play

Last week we had Santa's Workshop. The children were busy elves, building toys! This week they will be baking Christmas cookies for Santa using playdough.

We want to wish our friend, Ash, well, as he will be homeschooled the remainder of the school year.

In January, we will welcome our new friend, Rose. Please join us in welcoming her and her family!
